Declaration & Conditions of approval

Please note that at any time the MCA can withdraw your approval if it is found you are in breach of any of these conditions.

1. A functional quality management system is in place and ensures that;
 - a) continued satisfactory delivery of the programme to the current standards, reflecting changes of technology and best practice
 - b) the training programme entry standards are met
 - c) the agreed assessment process is maintained
 - d) only those who complete the training programme and meet any other necessary requirements are issued with certificates / documentary evidence
 - e) where approved for peripatetic delivery, formal assessment is carried out to ascertain the suitability of each venue and records of such assessment are retained for five years
 - f) the approving MCA office is informed of dates, timings and precise locations of all peripatetic courses delivered
 - g) any changes made to the course content, facilities, equipment, training staff or other matters that may affect the delivery of the programme are reported to the approving MCA Office without delay.
2. Monitoring of the training programme by the MCA proves to be satisfactory.
3. Re-approval is carried out within five years of the approval date.
4. Mid-term audits will be carried out to ensure that all standards are being maintained.
5. All MCA audits and approvals may incur costs in line with the Fees Regulations in force at that time.
6. Should the training establishment overleaf cease to trade then they must notify the MCA and return records of all certificates issued on behalf of the Agency to the UK Maritime Services branch. This allows continued authentication of certificates issued.
7. I agree that details for the Training Provider and the approved course will be published on www.gov.uk; unless the course is listed as 'not for public access', which the details on www.gov.uk will reflect.

The conditions of approval may change from time to time. Ensure you review MSN 1865 Annex F and 1866 Annex D, and any relevant updates provided in M Notices as they are published.
