ACADEMY

"AS REAL AS IT GETS"

TRAIN TOGETHER, RESPOND AS ONE.

Immerse your crew in a controlled emergency response environment with live fire and flooded spaces.

Learn and master the same response knowledge, tactics, and coordination for maximum effectiveness in critical situations.

Custom Training on Your Site or Ours AS REAL AS IT GETS

COMMAND AND CONTROL

24 HOURS

This custom course is specifically designed to introduce Command Staff to the complexities of the marine response environment, with a primary focus on fire emergencies aboard marine vessels. Grounded in NFPA 1405/1005 standards, the Unified Incident Command Structure, and real-world case studies, this course equips leadership teams with critical awareness and decision-making skills for effective marine fire response.

To ensure a seamless transition into Marine Firefighting for Land-Based Firefighters, Resolve Academy strongly recommends that Command and Leadership teams first complete our Command and Control Course. This foundational training provides essential knowledge and strategic insight, enabling leaders to effectively coordinate and support response teams in marine vessel emergencies.

CUSTOM LAND-BASED FIREFIGHTERS RESPONDING TO MARINE VESSEL FIRES (TEEX CLC CERTIFICATION AVAILABLE)

40 HOURS

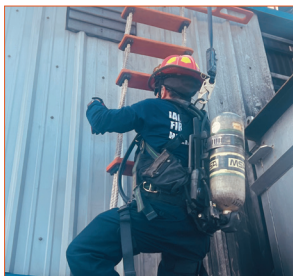

This course follows NFPA Standard 1010, recommendations from NFPA 1405 and orients firefighters to the maritime industry and its operation. The course focuses on the specific types of vessels that call to your port, as well as your port's configuration, and other target hazards.

Topics include ship organization, construction, stability, in-depth strategy/tactics to cover various ship types/configurations, and the critical differences between shipboard and structural firefighting. Unified Incident Command, IMDG Code & Specialized equipment, fixed fire suppression systems.

This course provides two days of live fire practical on our 150' T/V Resolve Vision live fire/damage control simulator.

TEEX Certification is available on request.

Cost: \$2,350/person (minimum 12)

DAMAGE CONTROL TRAINING

8 HOURS

This hands-on course equips teams with the essential skills to manage flood control scenarios resulting from hull breaches, pipe ruptures, hull plate failures, and compromised watertight fittings. The curriculum covers de-watering pump operations and best practices for effective flood mitigation and maintaining vessel stability in the presence of free-surface effects

Resolve Academy's Damage Control Course and state-of-the-art training facility are globally unmatched, offering unparalleled, hands-on training experience that prepares teams for real-world maritime emergencies.

Cost: Call for Quote (minimum 6)

PPE IMMERSION AND SURVIVAL TECHNIQUES

4 HOURS

This course immerses land-based fire teams in a realistic water survival experience while wearing full PPE, reinforcing the skills and awareness gained in basic training. Utilizing Resolve Academy's state-of-the-art indoor training tank, crews refine abandon ship and water survival techniques under the guidance of certified instructors, all within a team-focused training environment designed to enhance confidence and coordination in maritime emergencies

Cost: Call for Quote (minimum 12)

CUSTOM 1-DAY MARINE FIREFIGHTING

8 HOURS

This intensive 1-day maritime firefighting course introduces land-based firefighters to the unique challenges of vessel fire response. The program features a full day of hands-on training, immersing participants in realistic fire scenarios at Resolve Academy's world-class live fire and damage control facility—unmatched in the industry.

Cost: Call for Quote

CUSTOM 2-DAY MARINE FIREFIGHTING

16 HOURS

This comprehensive two-day maritime firefighting course equips land-based firefighters with essential skills for marine vessel fire response. Participants engage in two full days of hands-on training, experiencing realistic fire scenarios at Resolve Academy's world-class live fire and damage control facility—renowned for its unparalleled training environment.

Cost: Call for Quote (minimum 12)

1 DAY COURSE AVAILABLE

FAST RESCUE BOAT

24 HOURS

This course combines theory and practical training and meets the necessary requirements for Proficiency in Fast Rescue Boats certification as required by Chapter VI Table A-V1/2-2 of the International Convention on Standards and Training, Certification and Watchkeeping for Seafarers, 1995.

CUSTOM 1- OR 2-DAY MARINE FIREFIGHTING COURSE

CUSTOM LAND-BASED FIREFIGHTERS RESPONDING TO MARINE VESSEL FIRES

In light of evolving departmental staffing, Resolve Academy recommends department members participate in annual Marine Firefighting training.

"Great program. Everyone was professional, hard-working, and very accommodating. I would highly recommend this Class to all my peers in F.D. [Fire Departments]."

"The program was fantastic. The instructors were extremely knowledgeable and were able to explain material in an easy-to-understand way. The A/V materials were excellent."

"Great instruction and live fire evolution. Great instructors with a wealth of knowledge."

"Great introduction to a subject I had very little knowledge about. Would recommend to all local firefighters."

"When are you guys coming back? Great class."
