- Two-Day Custom (One-Day Onboard and One-Day Firefighting or Damage Control)

"The entire course exceeded expectations again. Couldn't be more motivated to recommend this company and facility to all Marine Crew for training."

"Great class and facility – Best I've seen in 35 years. Congrats!"

"Much more than expected! I feel I have gained the knowledge to feel capable in emergency situations and not panic. Great class, great instructors."

"Excellent course – good mix of theory & practical. This is unlike any other course that I have done before. Good reasons to make this Damage Control course mandatory."

"Being in "search and rescue" in the DARKNESS was a reality check! Being in "real" fire, seeing it, seeing the actual layer of smoke above, definitely is a major increase in "experience" when coming from zero fire experience to begin with."

"I've been to courses like this all over the country. This facility & instructors are some of the best I've seen."
